

Bergmann & Partner Steuerberatungsgesellschaft mbH

Kanzleiprofil

Location:	Saarbrücken, Saarland, Germany
Industry:	Tax advisory / accounting
Employees:	22 (4 Steuerberater, 18 staff)
Annual Revenue:	€3.1 million
Contact:	Dr. Klaus Bergmann

Current Situation:	DATEV is used for filings, but incoming client documents arrive by post, email and WhatsApp. Two clerks spend most mornings renaming PDFs and typing data into Excel before anything reaches DATEV. Client status is tracked on a whiteboard.
Digitalization:	Partners voted in May 2026 to introduce a client portal and automatic document intake. They are looking for a solution that works with DATEV and reduces manual capture. German-language support is required.
Potential Need:	Document capture, client workflow automation, and a simple portal. Budget indicated: mid five-figure annual. Go-live target: January 2027.
